DeVilbiss Automotive Refinishing SprayMaster™ Curriculum Accredited by I-CAR®

DeVilbiss Automotive Refinishing announces that it has been accredited by I-CAR® as an Industry Training Alliance provider of continuing automotive education to the collision repair industry.

“We are excited to now offer our I-CAR® accredited SprayMaster™ Paint Technician Class to the collision repair industry”, says Hans Horstik, DeVilbiss Automotive Refinishing General Manager. “This course provides I-CAR® accredited best practices and process improvement training to refinish technicians in Compressed Air Filtration, Contaminant-free Refinishing, Paint Handling and Atomization.”

The DeVilbiss SprayMaster™ Paint Technician Class provides students with four credit hours of I-CAR® continuing education credits, and fulfills the I-CAR® Refinish Technician ProLevel 1 “Spray Gun Maintenance & Set-Up” knowledge area. Students also receive EPA Rule 40 Certification.

SprayMaster™ training classes are held at certified™ training facilities, and are provided at no charge as a service to the collision repair industry.

The SprayMaster™ training classes are an educational product of DeVilbiss Automotive Refinishing, 11360 South Airfield Road, Swanton, OH 43558.

DeVilbiss Automotive Refinishing (<http://www.autorefinishdevilbiss.com>) is a leading global designer and manufacturer of refinishing equipment and productivity products. DeVilbiss offers a broad range of solutions for the refinishing market including spray equipment, disposable paint cups, air filtration, dirt control products, and more.
