

QUICKCLEAN™

**Fastest Cleaning Spray Gun...
only from DeVilbiss®**

TEKNA
by DeVilbiss

Paint Instead of Clean

- Incredibly fast cleanup
- Coating has non-stick properties
- Excellent for solvent and waterborne coatings

Extremely Durable

- High corrosion resistance reduces paint defects
- Fully coated on inside and out
- Scratch resistant

High Performance Technology

- Free airflow technology uses less air pressure to achieve superior atomization
- High transfer efficiency for material savings – complies with EPA Rule 40 CFR 63 HHHHHH and is approved in most HVLP areas
- Outstanding finishes – from waterborne base coats to the latest high solids clears

Fully Coated Inside

Fully Coated Outside

All Models Include

- TEKNA QuickClean basecoat/clearcoat spray gun
- 7E7 High Efficiency air cap
- Extra needle/nozzle set
- Digital gauge with air adjusting valve (HAV-555)
- Gun wrench and color identification rings
